## / IDEA

Prodotti innovativi e coerenti in linea con i principi del design e della cultura del progetto sono gli assunti della filosofia di Makro. Tali fondamentali, rafforzati negli anni, hanno consentito di sviluppare nuovi percorsi di ricerca capaci di suggerire proposte e offrire prodotti in grado di soddisfare sia le richieste tecniche e progettuali di architetti e interior designers, sia la domanda di una clientela attenta ed esigente. Singoli prodotti e soluzioni uniche, in grado di contaminare la stanza da bagno e gli ambiti ad esso correlati, sono le proposte che Makro offre al mercato globale.

New and coherent products in line with the principles of design and of the project culture are the basis of the Makro philosophy. The above mentioned basis, strengthened over the years, led to the development of new research paths, suggesting products able to meet not only the technical and project requirements of architects and interior designers, but also the needs of demanding clients. Single products and integrated solutions, able to influence the bathroom and the related areas, are what Makro suggests to the global market.

Erneuernde und folgerichtige Produkte in Linie mit den Grundsätzen von Design und Projektkultur, sind die Fundamente der Makro Philosophie. Die oben genannten Grundsätze, verstärkt im Laufe der Jahre, ermöglichten die Entwicklung von Forschungsprojekten, welche neue Produkte vorgeschlagen haben, die sowohl die technischen und die Projektansprüche von Architekten und Interior Designers, als auch die Bedürfnisse von anspruchsvollen Kunden treffen können. Einzelne Produkte oder integrierte Vereinigungen, die das Badezimmer und die verbundenen Räume beeinflussen, sind die Vorschläge, die Makro dem globalen Markt anbietet.

DESIGN . GIULIO GIANTURCO & MAKRODESIGN

/ H\_HAMMAM

H\_HAMMAM è l'innovativo bagno turco per l'ambiente domestico e per l'hotellerie, disegnato da Giulio Gianurco con Makrodesign. Esclusivo e purissimo nelle linee, H\_HAMMAM si distingue per design, eleganza e personalità grazie alla cura di ogni dettaglio, alla sua struttura in alluminio composito che ne consente il posizionamento freestanding, alla ricca dotazione di accessori e alle prestazioni particolarmente performanti. E' proposto in una vasta gamma di finiture sia tecniche (Corian® Glacier White e vetro) che materiche (marmo e legno termotrattato), mentre in versione da rivestire offre l'opportunità della massima personalizzazione.

H\_HAMMAM is the innovative steambath for the home and hotel sector resulting from the cooperation between Giulio Gianurco and Makrodesign. Exclusive and with pure lines, H\_HAMMAM is characterized by design, elegance and personality thanks to the details care, its structure in composite aluminium allowing several installation typologies, the rich range of accessories and its high performance. It is available in a wide range of finishes, such as Corian® Glacier White, glass, marble and thermo-treated wood, but it can be supplied also unclad offering several customization opportunities.

H\_HAMMAM ist ein neues Dampfbad fuer den Privat- und Hotel Bereich, das das Ergebnis der Zusammenarbeit von Giulio Gianurco und Makrodesign ist. Exklusiv und pur, ist H\_HAMMAM gekennzeichnet durch Design, Eleganz und Persoenlichkeit dank der Liebe zum Detail, seiner Struktur aus Aluminiumverbundplatten, die verschiedene Installationsmoeglichkeiten erlaubt, der umfangreichen Palette von Zubehoeren und seiner Leistungsfahigkeit. Es ist in verschiedenen Ausfuerungen, wie Corian® Glacier White, Glass und thermo-behandeltem Holz, oder ohne Verkleidung erhaltlich und bietet zahlreiche Personalisierungsmoeglichkeiten an.

Rivestimenti in legno Hemlock termotrattato e marmo Bianco di Carrara per H\_HAMMAM freestanding.

Claddings in Hemlock thermo-treated wood and White Carrara marble for freestanding H\_HAMMAM.

Verkleidung in thermo-behandeltem Holz Hemlock und weißem Carrara-Marmor fuer H\_HAMMAM freistehend.

Freestanding o in sistema con i prodotti di collezione, H\_HAMMAM è proposto in diversi modelli personalizzabili in un'ampia gamma di finiture coordinate.

Freestanding or integrated with other collection's products, H\_HAMMAM is available in several models customizable with different finishes.

Freistehend oder integriert mit anderen Produkten der Kollektion, ist H\_HAMMAM in verschiedenen personalisierbaren Modellen vorgeschlagen.

/ H\_HAMMAM

/ H\_HAMMAM

H\_HAMMAM si propone al mondo dell'architettura per il design e per il forte contributo progettuale in termini di configurabilità, personalizzazione e semplicità di installazione.

H\_HAMMAM addresses the world of architecture for its design and for the strong project contribution in terms of typology, customization and easiness of installation.

H\_HAMMAM wendet sich an die Welt der Architektur dank seinem Design und dem wichtigen Projektbeitrag hinsichtlich seiner Komposition, Personalisierung und einfacher Installation.

La gestione elettronica delle funzioni è ottimizzata da un intuitivo pannello Touch dal design minimale. Le icone retroilluminate facilitano la selezione e la attivazione di temperatura, colore e musica.

The electronic management of the functions is optimized thanks to an intuitive minimal Touch screen. The backlight icons ease the selection and activation of temperature, color and music.

Die elektronische Bedienung der Funktionen wird dank eines intuitiven und minimalen Touch Screens optimalisiert. Mittels hinterleuchteter Icons werden die Temperatur, Farben und Musik ausgewählt und betätigt.

Gli accessori, di linea pura ed essenziale, sono in Corian® Glacier White e acciaio inox. La panca sospesa garantisce massima igiene; ruotata, offre un importante spazio aggiunto. H\_HAMMAM è dotato inoltre, di sistema cromoterapico a led con pannello di comando Touch a parete.

The accessories, displaying a pure and essential line, are in Corian® Glacier White and in stainless steel. The hygienical suspended seat can be rotated increasing the space available. H\_HAMMAM is equipped with Led chrome-therapy system with wall Touch command.

Die puren und wesentlichen Zubehoere sind in Corian® Glacier White und Inox-Stahl. Der wandhaengende Kippsitz erweitert den verfügbaren Raum. H\_HAMMAM ist ausgestattet mit Led Fartherapie mit Wand-Touch Screen.

/ LIGHT COLOURS SYSTEM

Le rarefatte atmosfere che avvolgono lo spazio interno di H\_HAMMAM, fusione di vapore e colore, sono facilmente gestite dal pannello di controllo touch, dal design essenziale.

The rarified atmosphere of steam and color inside H\_HAMMAM can be easily handled thanks to the intuitive touch screen.

Dampf- und Farbensystem von H\_HAMMAM werden mittels eines intuitiven Touch Screens bedient.

/ HIDDEN  
DESIGN . GIULIO GIANTURCO

/ HIDDEN

HIDDEN è un enigmatico contenitore disegnato da Giulio Gianurco che richiama elementi classici del mondo nautico o dei set da viaggio del passato. Aperto svela la sua vera identità: una funzionalissima area trucco con lavabo e piani di appoggio ribassati in Makril, rubinetto in acciaio inox 316 L, specchio con luce integrata, specchio ingranditore, cassetto porta oggetti, presa USB e corrente elettrica.

HIDDEN is an enigmatic box designed by Giulio Gianurco reminding the traditional elements of the nautical world and the trunks of yore. When open it reveals its true identity: a very functional make-up area with washbasin and lowered plans in Makril, taps in stainless steel 316L, mirror with integrated light, magnifying mirror, drawer and USB plug.

HIDDEN ist ein rätselhafter Waschtischunterschrank gezeichnet von Giulio Gianurco, der an die traditionellen Elemente der Schifffahrtswelt oder an die Ueberseekoffer der Vergangenheit erinnert. Falls geöffnet enthüllt seine Identität: ein funktioneller Waschtisch zum Schminken mit abgeflachter Anlage in Makril, Armaturen in Inox-Stahl 316L, Spiegel mit integriertem Beleuchtungssystem, Vergrößerungsspiegel, Schublade und USB Steckdose.

Richiuso HIDDEN diventa un originale e rigoroso volume in legno, di nuda essenzialità che ne consente l'integrazione in ogni tipo di ambiente.

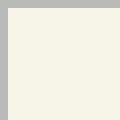

-  
When it is closed HIDDEN becomes an original, rigorous and essential wooden box which can be integrated in any room.

-  
Falls geschlossen wird HIDDEN ein neuartiger Waschtisch aus Holz, der in allen Räumen integriert werden kann.

Il calore e l'eleganza della finitura in Hemlock termotrattato contrasta con la superficie morbida del lavabo in Makril e la nitidezza dell'acciaio inox di rubinetteria e meccanismo di apertura.

The warmth and the elegance of the Hemlock thermo-treated wood contrasts with the soft surface of the Makril washbasin and the polish of the stainless steel taps and of the opening mechanism.

Die Waerme und die Eleganz des thermo-behandelten Holzes Hemlock Ausfuehrung sind im Gegensatz zur weichen Oberflaeche des Beckens in Makril und zur polierter Ausfuehrung der Armaturen und des Oeffnungsmechanismus.

MAKRO SYSTEMS consente il superamento dei modelli convenzionali della stanza da bagno, offrendo nuove e inedite opportunità di progetto. MAKRO SYSTEMS nasce dall'integrazione di vasche, docce, hammam, lavabi, contenitori e specchi delle diverse collezioni: una vastissima gamma di composizioni dalla tecnologia celata e dalle finiture contemporanee, perfetta integrazione di estetica e funzionalità, per ambienti bagno anche di piccole dimensioni.

The MAKRO SYSTEMS program overcomes the traditional bathroom models and offers new and innovative project solutions. MAKRO SYSTEMS is the result of the integration of bathtubs, showers, steambaths, washbasins, cabinets and mirrors of our collection. It offers a wide range of combinations, characterized by hidden technology and contemporary finishes, which are the perfect integration of aesthetics and functionality also for smaller bathrooms.

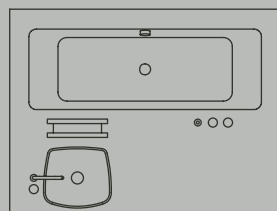

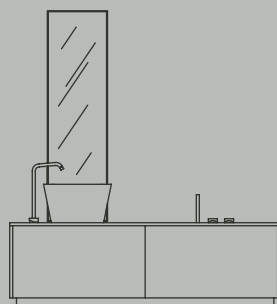

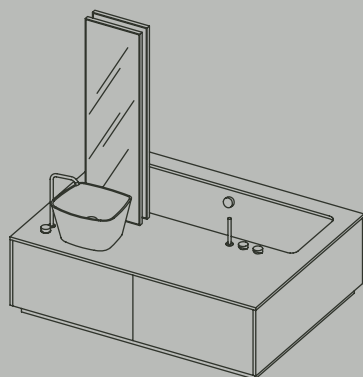

Das Programm MAKRO SYSTEMS ueberschreitet die traditionelle Regel im Badezimmer und bietet neue Projektmoeglichkeiten an. MAKRO SYSTEMS ist das Ergebnis der Integration von Badewannen, Duschen, Dampfbadern, Waschbecken, Schraenken und Spiegeln der Kollektion, gekennzeichnet durch versteckter Technologie und zeitgenoessischen Ausfuehrungen, die perfekte Verbindung von Aesthetik und Funktionalitaet.

SHADE è una innovativa quinta mobile, originale rilettura del classico paravento. E' una soluzione ideale per la partizione di piccoli spazi privati legati all'ambiente bagno e wellness ma il suo impiego puo' spaziare in altri luoghi del vivere contemporaneo. I moduli, accessoriabili con specchi, tasche portaoggetti e portasalviette, sono aggregabili senza fine e possono essere rivestiti con tessuti Kvadrat e in pelle naturale. Proposta speciale è il rivestimento "Punteggiato" di Rubelli, riproposizione contemporanea di un tessuto originale disegnato da Gio' Ponti nel 1934.

SHADE is an innovative and modern reinterperation of the traditional folding screen. It represents the ideal solution for the organization of small private spaces related to the bathroom and wellness environment, but can be used at the same time in other rooms as well. The modules can be equipped with mirrors, object holders pockets and towel holders, and can be combined together in infinite solutions. Shade is available in fabric Kvadrat and in natural leather, but also in the special cladding "Punteggiato" by Rubelli, which is a contemporary reinterpretation of the original texture designed by Giò Ponti in 1934.

SHADE ist ein erneuerndes Paravent, gelesen unter einem modernen Gesichtspunk. Es handelt sich um die vollkommene Loesung fuer die Organisation der Raeume im Bad- und Wellness Bereich, die aber auch in anderen Zimmern verwendet werden kann. Die Modulen koennen mit Spiegeln, Objekttraeger Taschen und Handtuchhaltern ausgestattet werden, die unendlich zusammen zu kombinieren sind, und sind in Stoff Kvadrat oder in natuerlichem Leder erhaltlich. Ein Sonderstoff ist der "Punteggiato" von Rubelli, eine zeitgenoessische Interpretation des originalen Stoffs gezeichnet von Giò Ponti in 1934.

DESIGN . MARCO TAIETTA

/ MATERIAL TABLE

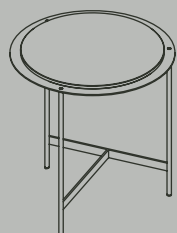

MATERIAL TABLE è un set di piccoli tavoli di servizio coordinati per finiture e materiali alle diverse collezioni Makro. Il telaio in metallo verniciato è integrato da un piano in Corian® Glacier White, legno termotrattato, Marmo di Carrara o Pietra lavica di Sicilia.

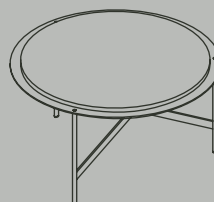

MATERIAL TABLE is a set of small tables combined in finishes and materials with the different Makro collections. The varnished metal frame is integrated by a top in Corian® Glacier White, thermo-treated wood, Carrara marble or Sicily Lava stone.

MATERIAL TABLE ist ein Set von kleinen Tischen kombiniert in Ausfuehrungen und Materialien zur Makro Produktpalette. Das lackierte Metall-Rahmen ist ausgestattet mit einer Abdeckung in Corian® Glacier White, thermo-behandeltem Holz, Carrara Marmor oder Lavastein aus Sizilien.

/ EGO

Specchio intrigante e ironico dalle forme pulite e rigorose, EGO è concepito come una lavagna magnetica sulla cui superficie è possibile applicare oggetti di uso quotidiano da far scorrere a piacere come in una sorta di gioco. Accessori liberi che scivolando diventano un tutt'uno con la superficie specchiante.

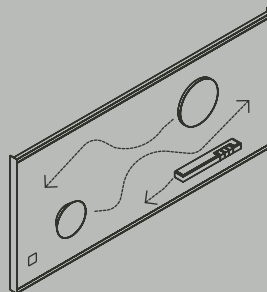

EGO is an intriguing and ironic mirror, with a simple and rigorous design, conceived like a magnetic blackboard where it is possible to apply daily objects, which can freely slide like in a sort of game. Free sliding accessories which become all in one with the mirrored surface.

EGO ist ein intriganter und ironischer Spiegel mit reiner und rigoroser Form, der als magnetischer Tafel gedacht wurde. Auf seine Oberfläche koennen Objekte fuer den Alltagsgebrauch bewegt werden. Es handelt sich um Zubehoere, die eine Einheit mit der gespiegelten Oberfläche werden.

I soffioni - in acciaio inox satinato, inox lucido e Corian® GW, sono proposti in versione solo doccia o con integrazione di cromoterapia e cascata a lama singola o doppia. Possono essere utilizzati singolarmente o in abbinamento alla rubinetteria OX, alle docce e hammam in collezione.

The shower heads - in satinated or polished stainless steel and in Corian® GW, are available in the version only shower or with integrated color therapy and single or double waterfall blade. They can be used singularly or combined with the OX taps, the showers and the steambaths of the collection.

Die Kopfbrausen, in Inox-Stahl satiniert, poliert und Corian® GW, sind erhältlich in der Version nur Dusche oder koennen mit Farbtherapie und Wasserfall Funktion mit einem oder doppeltem Schwallauslauf ausgestattet werden. Sie koennen sowohl allein als auch mit den OX Armaturen, den Duschen und Dampfbaedern der Kollektion verwendet werden.

TYPE COLLECTION è una collezione di accessori per il bagno dal tratto elegante il cui concept rimanda al mondo degli origami. Le sottili lastre di alluminio assumono forme inaspettate, dal design essenziale e lineare, in grado di adattarsi a piani lavabo, vasche o docce sottoforma di mensole, piani d'appoggio, vassoi o sedute.

TYPE COLLECTION is a collection of bathroom accessories which displays an elegant trait reminding the origami world. The thin aluminum belts take unexpected shapes with an essential and linear design, adapting to consoles, bathtubs or showers in the form of shelves, trays, racks or stools.

TYPE COLLECTION ist eine elegante Kollektion von Zubehoeren fuer das Badezimmer, die an die Origami Welt erinnert. Die duennen Aluminium Platten nehmen unerwartete Gestaelte an, gekennzeichnet durch ein lineares und wesentliches Design, die als Konsole, Tablette oder Schemel zu Waschtischen, Badewannen oder Duschen gut passen.

TWENTY, è una serie di accessori in acciaio inox AISI 316L dal tratto sottile e dai dettagli raffinati. Una sequenza ragionata di esili fettucce metalliche di forte spessore piegate, inclinate e accostate che, integrate a vassoi in legno sottile o in Corian® GW, danno forma ad una famiglia di elementi funzionali di forte personalità.

TWENTY is a series of accessories in stainless steel AISI 316L characterized by delicate and refined details. They consist of thick metal belts and stripes bent and combined together, which create a collection of functional accessories with a strong personality including also wooden or Corian® GW trays.

TWENTY ist eine Kollektion von Zubehoeren aus Inox Stahl 316L gekennzeichnet durch einen feinen und raffinierten Strich. Sie bestehen aus dicken Baenden aus Metall, gebogen und zusammen gestellt, die integriert zu Tabletten aus Holz oder Corian® GW eine funktionelle Serie bilden, die eine starke Persoenlichkeit hat.

I lavabi MOOD-S e MOOD-R, sono disponibili in bianco nei materiali MINERARMOR® e MINERALSOLID®

- MOOD-S und MOOD-R are available in MINERARMOR® polished finish and in MINERALSOLID® matt finish

- MOOD-S und MOOD-R sind verfügbare in MINERARMOR® poliert und in MINERALSOLID® matt

MINERARMOR® è un materiale composto da cariche minerali naturali (carbonati di calcio e triidrati di alluminio) legate ad una bassa percentuale di resina poliestere. È gradevole al tatto facile da pulire e particolarmente igienico. Il film di gelcoat che riveste la superficie del materiale consente di ottenere ottima resistenza da un punto di vista fisico e, soprattutto, chimico.

- MINERARMOR® is a material consisting of natural mineral charges (calcium carbonate and trihydrated aluminium) with a low percentage of polyester resin. It is nice to the touch, easy to clean and particularly hygienic. The gelcoat layer that covers the material's surface grants a very good physical and chemical resistance.

- MINERARMOR® ist ein Material aus natürlichen Mineralien (Kalziumkarbonat und Aluminium-Trihydrat), gebunden zu einem niedrigen Prozentsatz von Polyesterharz. Dem Tastsinn angenehm und einfach zu reinigen, ist es besonders hygienisch. Die Gelcoat-Folie auf der Oberfläche ermöglicht eine ausgezeichnete physische und chemische Beständigkeit.

- MINERALSOLID® è un materiale composto da 75% cariche minerali naturali (carbonati di calcio e triidrati di alluminio) e 25% resina poliestere. La superficie è rivestita da uno smalto tecnico opaco di tipo poliestere acrilato che consente di ottenere ottime resistenze meccaniche e chimiche. Facile da pulire presenta una finitura morbida al tatto e particolarmente raffinata alla vista.

- MINERALSOLID® is a material consisting by 75% of natural mineral charges (calcium carbonates and trihydrated aluminium) and by 25% of polyester resin. The surface is clad with a matt technical glaze, polyester acrylate type, granting a very good mechanical and chemical resistance. It is easy to clean, nice to the touch and particularly elegant.

- MINERALSOLID® ist ein Material bestehend zu 75% aus natürlichen Mineralien (Kalziumkarbonat und Aluminium-Trihydrat) und zu 25% aus Polyesterharz. Die technische Polyester-Acrylat Beschichtung matt auf der Oberfläche ermöglicht eine ausgezeichnete mechanische und chemische Beständigkeit. Dem Tastsinn angenehm und einfach zu reinigen, ist es dem Auge besonders fein.
