CATALOGUE .

MAKRO

Con questo catalogo MAKRO si propone di offrire una sintesi d'insieme della produzione generale sottolineandone maturità, coerenza di pensiero e tratto distintivo. Pur nella difficoltà di far coesistere prodotti stilisticamente compiuti ad altri strettamente tecnici, si è cercato di illustrare quanto sia ampia, innovativa, trasversale e flessibile la proposta complessiva che MAKRO dedica ad architetti, progettisti e professionisti qualificati e al cliente che ricerca uno stile proprio.

Uno strumento di lavoro indispensabile per capire e interpretare con la massima libertà le molteplici possibilità d'uso dei prodotti in collezione o per proporre, con un alto grado di personalizzazione e flessibilità realizzativa, inedite soluzioni progettuali.

-
This catalogue aims to offer an overview of MAKRO's extensive production, underlining its maturity, coherent style and distinctive features.

Although it is difficult to bring together stylish and high technology products, the purpose is to emphasize how innovative, wide and versatile is MAKRO offer to architects, designers, experts and clients finding their personal style.

This catalogue is a proper work tool to fully comprehend the entire production potential use and to offer unique projects solutions.

-
Con este catálogo la empresa MAKRO se propone ofrecer una síntesis de la producción general, resaltando su desarrollo, su coherencia y los rasgos distintivos que la caracterizan.

Aunque la convivencia de productos de design con otros productos principalmente técnicos resulta difícil, el objetivo es el de ilustrar la propuesta amplia, innovadora, transversal y flexible de la empresa MAKRO a arquitectos, proyectistas y profesionales calificados, y al cliente en busca de su propio estilo.

Una herramienta de trabajo imprescindible para comprender e interpretar con la máxima libertad las distintas posibilidades de frucción de los productos que forman parte de la colección o para proponer inéditas soluciones proyectuales con el máximo grado de personalización y flexibilidad de realización.

BATHTUB - WASHBASIN SYSTEM
. SISTEMA BAÑERA - LAVABO

Design . Makrodesign

SISTEMA frontale Vasca - Lavabo.
La finitura ecocemento dall'effetto
caldo e materico si contrappone
alla nitidezza dell'acciaio della
rubinetteria OX e al bianco assoluto
del lavabo in Makril.

Bathtub - Washbasin frontal SYSTEM.
The warm effect of the ecocement
finish contrasts the polish of the OX
stainless steel taps and the whiteness
of the Makril washbasin.

SISTEMA Bañera - Lavabo frontal.
El efecto cálido y matérico del
acabado ecocemento se contrapone
al resplandor del acero inox de la
grifería OX y al blanco absoluto del
lavabo en Makril.

Dettaglio del cassetto di servizio e
divisori interni in legno laccato.

Drawer unit with service drawer and
internal partitions.

Detalle del cajón de servicio y
separadores internos de madera
lacada.

SISTEMA lineare Vasca - Lavabo in Bianco di Carrara levigato fine dall'effetto morbido con vano a giorno laterale. La classicità del marmo si fonde con i materiali della modernità: Solid Surface per il lavabo LOOP L, acciaio inox lucido di rubinetteria e specchio e grigio grafite per la laccatura di contenitori e zoccolo.

Bathtub - Washbasin linear SYSTEM with open rack in marble Bianco di Carrara with soft fine grain. The classical nature of the marble blends in with the modernity of the Solid Surface of the LOOP L washbasin, with the stainless steel of the taps and of the mirror and with the graphite grey of the racks in lacquered wood and of the base.

SISTEMA Bañera - Lavabo lineal en Blanco de Carrara lijado fino con efecto suave y compartimento abierto lateral. El mármol clásico se conjuga con los materiales más modernos: Solid Surface para el lavabo LOOP L, acero inox para grifería y espejo y gris grafito para el lacado de contenedores y zócalo.

Dettagli del cassetto rivestito in marmo con interni in legno laccato opaco grigio e vano a giorno nella stessa finitura.

- Details: drawer clad in marble with inside in lacquered matt wood and open rack in the same finish.

- Detalles del cajón revestido con mármol con internos de madera lacada opaca gris y compartimiento abierto en el mismo acabado.

MANHATTAN. SISTEMA lineare
Vasca - lavabo con rivestimento in
ecocemento e piano lavabo in rovere
affumicato dal segno geometrico netto
e rigoroso.

-
MANHATTAN. Linear Bathtub
- Washbasin SYSTEM clad in
ecocement displaying geometric and
rigorous lines.

-
MANHATTAN. SISTEMA Bañera
- Lavabo lineal con revestimiento
de ecocemento, caracterizado por
sus rasgos geométricos decididos y
rigurosos.

-
Design . Makrodesign + Marco
Taietta

L'elegante finitura in rovere affumicato
si abbina per cromia e naturalezza
alla finitura ecocemento.

-
The smoked oak blends in perfectly
with the ecocement finish.

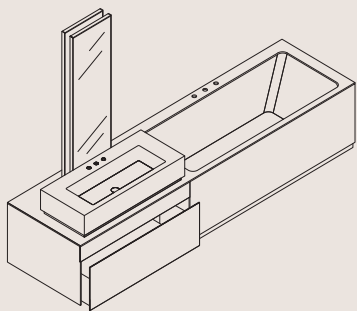

-
El elegante acabado en roble
ahumado se combina con el
acabado en ecocemento.

Elemento monoblocco integrato,
realizzabile in tre diverse
configurazioni, su misura al
centimetro, in tutte le finiture di serie.

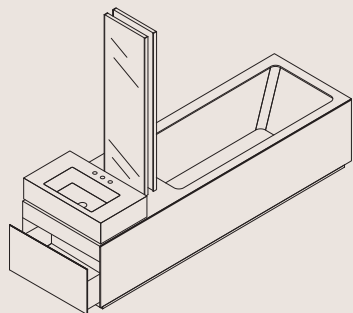

-
An integrated single-block element
available in three different
configurations, made to measure in all
standard finishes.

-
Elemento monobloque integrado,
realizable en tres configuraciones
distintas, a medida al centímetro, en
todos los acabados de serie.

revestir constituido por bañeras
bajo encimera, sobre encimera y
superpuestas con pila de acrílico
integrado en una estructura externa de
poliestireno expandido.

Vasche Sottopiano . Appoggio . Sovrapiano da rivestire. Bathtubs to be clad Undermount . Surface . Overmount . Bañeras para revestir Bajo encimera . Exenta . Superpuesta

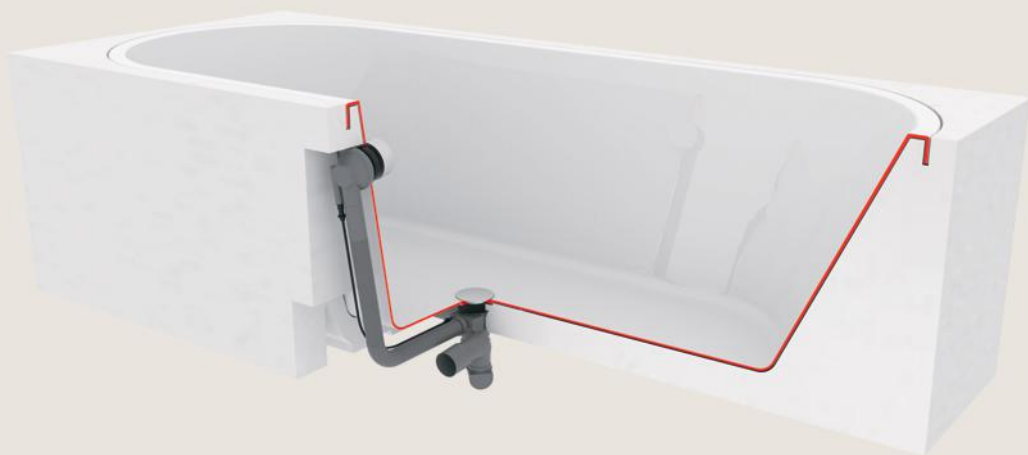

Vasche da rivestire personalizzabili realizzate in acrilico e integrate in un corpo di polistirene espanso, che offre elevate prestazioni in termini di isolamento termico e acustico.

-

Bathtubs to be clad on site consisting of an inner base in acrylic integrated in an outer structure of expanded polystyrene, granting acoustic and thermal insulation.

-

Bañeras para revestir realizadas en acrílico e integradas en la estructura de poliestireno expandido que ofrece prestaciones elevadas en términos de aislamiento térmico y acústico.

ECLETTICO, WAVE, STREET e TIME sono personalizzabili con i materiali di finitura tradizionali come ceramica, mosaico, gres porcellanato, marmo, legno, vetro, Solid Surface e le nuove finiture a base resina o cemento.

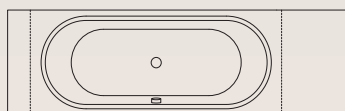

The ECLETTICO, WAVE, STREET and TIME bathtubs can be clad with any materials such as ceramic, mosaic, porcelain stoneware, marble, wood, glass, Solid Surface and resin or cement-based finishes.

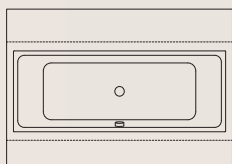

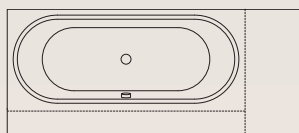

Las bañeras ECLETTICO, WAVE, STREET y TIME se pueden personalizar con todos los acabados tradicionales como cerámica, mosaico, gres porcelánico, mármol, madera, cristal, Solid Surface y acabados a base de resina o cemento.

ECLETTICO, WAVE, STREET e TIME possono essere realizzate a misura o a disegno. Realizzate in polistirene espanso con bacino interno in acrilico colato bianco, sono pronte da rivestire, facili da installare, senza necessità di opere murarie.

The external sizes of ECLETTICO, WAVE, STREET and TIME can be made to measure according to a specific dimension, shape and geometry. They consist of expanded polystyrene outer structure with integrated base in high quality white cast acrylic, and can be easily clad without any masonry work.

Las bañeras ECLETTICO, WAVE, STREET y TIME pueden realizarse a medidas y con forma y geometría específicas. Fabricadas en poliestireno expandido con pila en acrílico colado blanco integrado, están listas para ser revestidas sin necesidad de efectuar trabajos de albañilería.

-

Bañera CITY integrada con escalones y estructura lavabo en EPS.

/ WAVE

La linea WAVE presenta un bacino rettangolare disponibile in tre differenti dimensioni: small, medium e large, per un comfort adeguato ad ogni esigenza.

The WAVE line has a rectangular inner base available in three different sizes – small, medium and large – meeting all requirements.

El modelo WAVE, presenta una pila rectangular en tres medidas distintas: small, medium y large, con el fin de garantizar un confort adecuado para cada exigencia.

/ ECLETTICO SOTTOPIANO

Il modello ECLETTICO Sottopiano, con bacino ovale, è proposto in versione Square, Circle, Living e City in diverse dimensioni e geometrie.

The ECLETTICO Undermount bathtub with inner oval base, is available in different versions: Square, Circle, Living and City in many geometric shapes.

El modelo ECLETTICO Bajo encimera, con pila oval, está disponible en versión Square, Circle, Living y City en diferentes dimensiones y geometrías.

/ ECLETTICO SOVRAPIANO

Il modello ECLETTICO Sovrapiano, con bacino ovale, è disponibile nella misura esterna 170x75 cm.

The ECLETTICO Overmount bathtub with inner oval base is available in the size 170x75 cm.

El modelo ECLETTICO Superpuesto con pila oval está disponible en la medida 170x75 cm.

/ TIME

TIME è una vasca in appoggio integrata in una struttura esterna in EPS. Il bacino interno rettangolare è disponibile in 3 misure: small, medium e large. È proposta in diverse misure di serie e custom.

TIME is a bathtub characterized by an inner rectangular base with protruding edge available in 3 sizes – small, medium and large – integrated in an outer structure of EPS. It can be easily customized in terms of sizes and finishes.

TIME es una bañera exenta con pila rectangular disponible en tres medidas: small, medium y large, integrada en una estructura exterior en EPS. Está disponible a medidas en diferentes tamaños de serie.

/ STREET

STREET è una vasca in appoggio con bacino ovale integrata in una struttura esterna in polistirene espanso. Il bordo aggettante della vasca in acrilico permette di rivestire il corpo in EPS senza far uso del top usufruendo del bordo vasca come battuta.

STREET is a surface bathtub characterized by an inner oval base integrated in an outer structure of expanded polystyrene. This detail gives the bath a strong identity and allows it to be clad with any material on the top and sides.

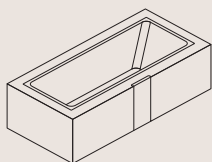

STREET es una bañera superpuesta con pila oval integrada en una estructura en poliestireno expandido EPS. El borde de la bañera en acrílico permite revestir la estructura en EPS sin recurrir al uso del top aprovechando del borde saliente de la bañera.

H_HAMMAM si distingue per design, eleganza e personalità grazie alla cura di ogni dettaglio, alla sua struttura in alluminio composito che ne consente anche il posizionamento in centro stanza, alla ricca dotazione di accessori e alle prestazioni particolarmente performanti. E' proposto in una vasta gamma di finiture sia tecniche (Corian® Glacier White e vetro) sia materiche (marmo e legno termotrattato), mentre in versione da rivestire offre l'opportunità della massima personalizzazione.

H_HAMMAM structure, consisting of technical walls in composite aluminum, is light and easy to install, allowing several installation typologies. It is available in a wide range of finishes, such as Corian® Glacier White, glass, marble and thermo-treated wood, but it can be supplied also unclad offering several customization opportunities.

Destaca por diseño, elegancia y personalidad gracias al cuidado por los detalles, a su estructura de aluminio compuesto que consiente su colocación también en el centro del cuarto, al gran equipamiento de accesorios y a las prestaciones especialmente rendidoras. H_HAMMAM viene en una extensa gama de acabados tanto técnicos (Corian® Glacier White y cristal) como matéricos (mármol y madera termotrataada), mientras que en la versión para revestir ofrece la oportunidad de la máxima personalización.

Le pareti vetrate a tutta altezza scandiscono il ritmo di pieni e vuoti del volume architettonico e consentono un continuum per finitura e contestualizzazione con lo spazio che lo accoglie.

- The full-height glasses organize the empty and full spaces and grant the continuity of materials and claddings in the bathroom.

- Las paredes de cristal toda altura organizan adecuadamente el volumen arquitectónico y consienten un continuum para su acabado y el espacio del área donde se coloca.

H_HAMMAM in Marmo Bianco di Carrara e legno Lati termotrattato si presta sia ad ambienti classici sia contemporanei.

-

H_HAMMAM in White Carrara marble and in Lati thermo-treated wood suitable for both classic and contemporary environments.

-

H_HAMMAM de Mármol Blanco de Carrara y madera Lati termotratada es idóneo para ambientes clásicos o contemporáneos.

MODULO30 è una collezione di mobili con modularità 30 e profondità 40 cm e lavabo integrato. Proposto in Corian® o marmo, il lavabo è attrezzabile con top tecnici, griglie e mensole coordinate nelle stesse finiture. A lato composizione cm 210 in essenza di rovere affumicato, lavabo in marmo Carrara e specchio M30 integrato alla parete doccia LAMA.

MODULO 30 is a collection of cabinets consisting of modules 30 cm long and 40 cm wide with integrated Corian® or marble washbasin. On the side: composition in smoked oak and integrated full-length washbasin in Carrara marble. M30 fixed mirror integrated in the glass divider LAMA.

MODULO 30 es una línea de muebles que consiste en módulos de 30 cm y 40 cm de profundidad con lavabo integrado. Disponible en Corian® o mármol, el lavabo está provisto de top técnicos, rejillas y repisas coordinadas en el mismo acabado. Al lado, composición de 210 cm en roble ahumado, lavabo en mármol de Carrara y espejo M30 integrado en la mampara LAMA.

MODULO 30 con la sua presenza discreta si integra con tutti gli elementi della stanza da bagno. La finitura in Hemlock termotrattato della composizione rimanda alla precisa e nitida progettualità dell'architettura minimalista contemporanea.

MODULO 30 blends with all the elements of the bathroom space. This composition in thermo-treated Hemlock wood is reminiscent of the contemporary minimalist architecture.

MODULO 30 se integra con todos los elementos del cuarto de baño. El acabado de la composición en Hemlock termotratado es típico de la arquitectura minimalista contemporánea.

Estensione infinita, variabilità cromatica e personalizzazione del piano lavabo sono alcune delle possibilità combinatorie della collezione.

-

This vanity is offered in a wide variety of sizes and finishes, offering lots of different combinations.

-

Extensión infinita, variabilidad cromática y personalización de la encimera lavabo son solo unas de las posibles combinaciones de la colección.

MODULO 30 abbinato allo spazio doccia è lo spunto progettuale per nuove soluzioni ideali anche per bagni di piccole dimensioni. Composizione cm 120 in Lati termotrattato con lavabo e accessori in Corian®. Rubinetteria OX in acciaio inox 316 L lucido.

MODULO 30 can be combined with the shower space offering a project solution suitable also for small bathrooms. Here displayed in thermo-treated wood Lati with washbasin in Corian®, OX taps in polished stainless steel 316 L.

MODULO 30 en combinación con la zona de ducha ofrece nuevas soluciones ideales también para baños de dimensiones reducidas. Composición de 120 cm en Lati termotratado con lavabo y accesorios en Corian®. Grifería OX en acero inox pulido 316 L.

Bianco assoluto in Corian® Glacier White. MODULO 30 cm 210 in composizione con doccia attrezzata di piatto e parete tecnica. A completamento il funzionale specchio scorrevole PETIT integrato al box LAMA.

-

Corian® Glacier White look: MODULO 30 210 cm long combined with shower tray and technical wall. PETIT sliding mirror integrated into LAMA glass divider.

-

Color blanco en Corian® Glacier White. Modulo30 de 210 cm en composición con ducha, plato de ducha y mampara técnica. Provisto también de espejo deslizante PETIT integrado en la cabina de ducha LAMA.

La rubinetteria è posizionabile a parete o su top.
A lato: su parete attrezzata SCREEN
Sotto: sul top tecnico del lavabo

The taps can be positioned on the wall as in the picture on the side, or on the technical top of the washbasin as in the picture below.

La grifería se puede colocar en la pared – al lado en la pared SCREEN – o en el top técnico del lavabo – abajo.

MODULO30 e SCREEN sono gli elementi centrali della composizione in Corian® GW, completata dal piatto doccia STEEL e dalla vasca sottopiano WAVE. A parete pensili a semincasso WALL IN-OUT.

- MODULO30, technical wall SCREEN with mirrored door, undermount bathtub WAVE in Corian® GW. Wall mounted cupboards WALL IN-OUT.

- MODULO30 y SCREEN son los elementos principales de la composición en Corian® GW, la ducha STEEL y la bañera bajo encimera WAVE. En la pared muebles colgantes de semiencastrado WALL IN-OUT.

/ LIGHT 30

Design . Makrodesign

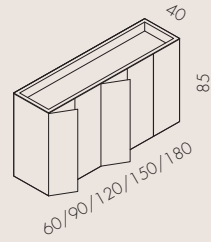

La collezione LIGHT 30, estensione della collezione MODULO30, si distingue da questo per il piano lavabo che sopravanza l'anta offrendo così maggior protezione date le finiture in legno laccato e in nobilitato Touch. LIGHT 30 è disponibile con lavabo a canale continuo FLOW o con top e lavabo CUBE.

-
LIGHT 30 collection is the natural extension of the MODULO 30 one but it is characterized by a full-length washbasin FLOW or by a top with integrated washbasin CUBE that overmounts the door granting protection.
-

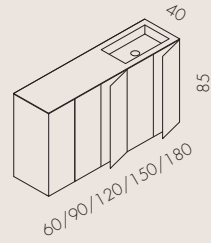

-
La línea LIGHT 30, se inspira al mueble MODULO 30 y es su natural extensión, destaca por su encimera lavabo a canal continuo FLOW o con top y lavabo CUBE, que ofrece una mayor protección con sus acabados en madera lacada y en Touch.

/ SPECCHI . PENSILI

MIRRORS . CUPBOARDS . ESPEJOS . UNIDADES DE PARED

/ EGO

Design . King Roselli Architetti

Specchio intrigante e ironico dalle forme pulite e rigorose, EGO è concepito come una lavagna magnetica sulla cui superficie è possibile applicare oggetti di uso quotidiano da far scorrere a piacere come in una sorta di gioco. Accessori liberi che scivolando diventano un tutt'uno con la superficie specchiante.

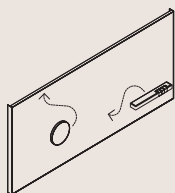

-

EGO is an intriguing mirror with a simple and rigorous design, conceived like a magnetic blackboard where it is possible to put daily objects and slide them on its surface as needed. It can be provided with movable magnetic magnifying lens, lamp, toothbrush shelf holder and cup holder. Direct and indirect lights are integrated in the polished stainless steel frame.

-

Espejo cautivador e irónico con formas limpias y rigurosas, EGO es como una pizarra magnética a cuya superficie se pueden aplicar objetos de uso cotidiano, deslizándolos a voluntad como si fuera un juego. Accesorios libres que al deslizarse van formando un todo con la superficie de espejo.

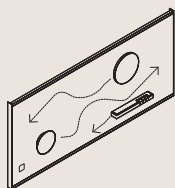

/ EGO BASE

Il soffione in Corian® di ampie dimensioni è dotato di ugelli siliconici e si integra alla parete doccia come preciso segno grafico.

-

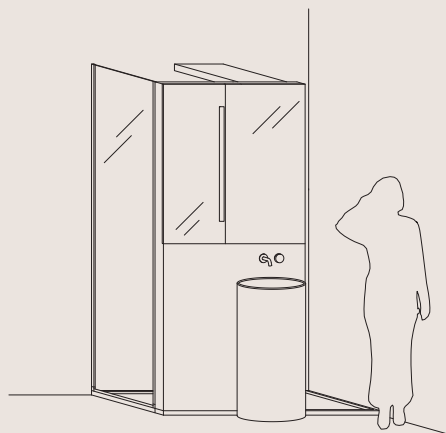

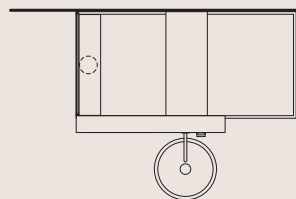

The wide showerhead in Corian®, characterized by a precise graphic sign and provided with silicon nozzles, is perfectly integrated with the shower.

-

El mezclador en Corian® de amplias dimensiones está constituido por una boquilla de silicona y se integra a la pared de la ducha como signo gráfico.

Abbinato al piatto SLIM e al lavabo TOWER CUP, SCREEN è la soluzione ideale per bagni di piccola dimensione. Il capiente vano a giorno interno doccia e il vano con specchio frontale permettono di usufruire di molto spazio con ingombri minimi.

In combination with the shower tray SLIM and the washbasin TOWER CUP, SCREEN becomes the perfect solution for narrow bathrooms. The wide open rack on the shower side and the rack with mirrored door on the front optimize the space.

En combinación con el plato SLIM y el lavabo TOWER CUP, SCREEN es la solución ideal para baños de dimensiones reducidas. El compartimiento abierto integrado en la ducha y el compartimiento con espejo frontal consienten el uso del espacio en toda su extensión.

/ SHADE

Design . Marco Taietta

SHADE è una quinta mobile, originale rilettura del classico paravento. È una soluzione ideale per la partizione di piccoli spazi privati legati all'ambiente bagno e wellness, ma il suo impiego può spaziare in altri luoghi del vivere contemporaneo. I moduli, accessoriabili con specchi, tasche portaoggetti e porta salviette, sono aggregabili senza fine e possono essere rivestiti con tessuti Kvadrat e in pelle naturale. Tra le finiture il rivestimento "Punteggiato" su disegno originale di Gio Ponti e prodotto da Rubelli.

SHADE is a modern reinterpretation of the traditional folding screen. It is the ideal solution for the organization of bathroom spaces and wellness environment, but can be used in other rooms as well. The modules can be equipped with mirrors, object holder pockets and towel holders, and can be combined together in infinite solutions. SHADE is available in Kvadrat fabric, in natural leather and in the "Punteggiato" embossed fabric designed by Gio Ponti for Rubelli.

SHADE es un novedoso separador, reedición original del clásico biombo. Es la solución ideal para separar pequeños espacios privados en el baño y para el wellness, sin embargo se puede colocar también en otros sitios de la vida contemporánea. Los módulos, equipables con espejos, bolsas portaobjetos y toallas, se pueden agregar a voluntad y se pueden revestir con tejidos Kvadrat y piel natural. Particular es el revestimiento "Punteggiato", un tejido original dibujado por Gio Ponti y producido por Rubelli.

/ SWING_PANK

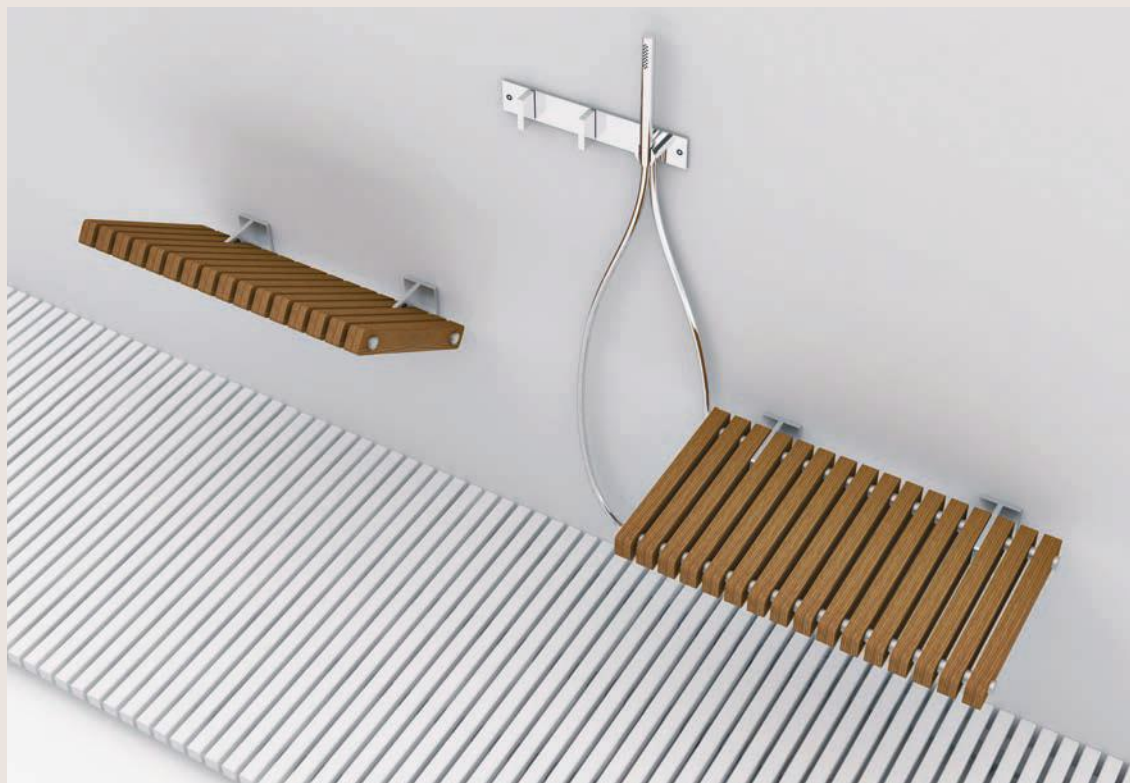

Design . Makrodesign

SWING è una seduta ruotabile 90° con meccanismo integrato e proposta in Frassino, Hemlock e Lati termotrattato e in Corian®, abbinabile a tutte le docce della collezione.

SWING is a 90° folding seat with integrated mechanism available in thermo-treated ash wood, Hemlock and Lati and in Corian®. It blends in perfectly with all the showers of our collection.

SWING es un asiento con mecanismo giratorio integrado de 90°. Sus acabados posibles en Fresno, Hemlock y Lati termotrattado en Corian®, consienten la combinación con todos los modelos de duchas de la colección.

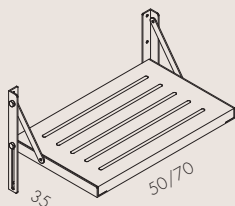

/ GT_PANK

Design . Giulio Gianturco

GT_PANK è una seduta doccia in Corian® di forte spessore con meccanismo di rotazione in acciaio inox.

GT_PANK is a Corian® shower folding seat characterized by the distinctive stainless steel rotating mechanism.

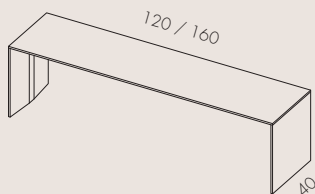

GT_PANK es un asiento en Corian® instalado en la ducha que se caracteriza por el mecanismo de rotación en acero inox.

/ PANK TT

Design . Makrodesign

PANK TT è una seduta minimale in legno termotrattato e legno laccato, dalle linee essenziali e pure. La rastrematura dei piani di seduta e dei fianchi portanti fornisce una chiave di lettura di particolare semplicità ed eleganza.

PANK TT is minimalist seat in thermo-treated and lacquered wood. It is characterized by a pure and essential design.

PANK TT es un asiento minimalista en madera termotratada térmicamente, de líneas esenciales y puras. El ahusamiento del tablero horizontal y de los costados portantes muestra una clave de lectura de gran sencillez y elegancia.

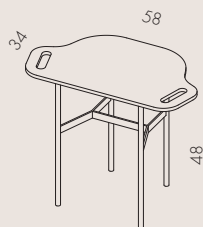

/ LIFE STOOL

Design . Giulio Gianturco

E' una seduta per bagno e doccia dal forte accento nordico per semplicità, dettaglio e funzionalità. Il profilo morbido e sinuoso del piano presenta due forature per una presa sicura ed è proposto in Corian® GW e in 3 essenze di legno termotrattato. Un disegno sottile distingue il telaio in tondino metallico verniciato.

LIFE STOOL is a floorstanding seat for the bathroom and the shower area with a strong nordic look, characterized by simplicity, detail care and functionality. It is available in Corian® GW and in 3 nuances of thermo-treated wood. Its smooth profile has 2 holes for a safer hold and its frame is in varnished metal.

Es un asiento para el baño y la ducha caracterizado por las líneas nórdicas típicas, los detalles y la funcionalidad. El perfil suave de la superficie presenta un enchufe y está disponible en Corian® GW y madera termotratada con estructura en metal esmaltado.

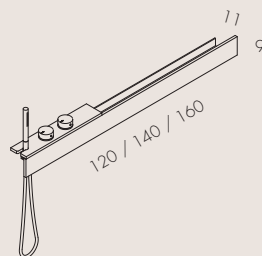

/ LIFE SHELF

Design . Giulio Gianturco

LIFE SHELF è un mensola per doccia o vasca con rubinetteria integrata. Soluzione ideale per praticità di installazione e d'uso, è realizzata in alluminio con frontale in Corian® GW, Makril grigio e legno termotrattato.

LIFE SHELF with integrated taps is suitable for both the shower and the bathtub. Easy to install and to use, it is made in aluminum with frontal side available in Corian® GW, grey Makril and thermo-treated wood.

LIFE SHELF es una repisa de ducha o bañera con grifería integrada. Disponible en aluminio con frontal en Corian® GW, Makril gris y madera termotratada.
